9th YEAR

INVITATION TO PARTICIPATE

CELEBRATING 9th YEAR OF **RECOGNISING EXCELLENCE IN DESIGN**

The ARTISTS IN CONCRETE AWARDS (AICA) ASIA FEST is an annual celebration of recognising and appreciating excellence in the fields of Architecture, Interior Design, Landscape Design & Construction. In the past eight years, AICA has emerged as one of the leading and esteemed architecture festivals in the country. Last year, over 200 architects and designers across Asia participated in this festival, sharing their zealous new ideas. So far over 60 renowned architects around the globe have been part of this acclaimed festival as jury and speakers. AICA began in 2007, as a need to recognize and award notable projects in the Construction Industry. This would help encourage good quality projects across Asia. Over the course of time it was realized that designs play crucial role in the quality of any project. Clear sense of design captures the core of projects and thus the expansion into celebrating excellence in design and recognizing good work was implemented.
